

You have concluded a contract and don't know how to get out of it?

You have received a letter from the police and are not sure what to do?

You have some questions about the amount of your maintenance and your Hartz IV application?

In Berlin, you can obtain advice and counselling from lawyers in private practices **if you are under the age of 27** and cannot afford a lawyer yourself. They can be contacted quickly in legal conflicts. You can chose where you want to receive counselling no matter where you live and you do not need an "advisory aid cheque".

Many questions can be answered more easily by the lawyers if you bring all related documents with you and register by telephone beforehand.

The counselling sessions are **free and anonymous**. Lawyers are sworn to **professional secrecy** and only work for one party. This means that **they are on your side**.
